Statement by the Yarsan Patriotic Movement of Iran on the Passing of Senator Lindsey Graham

It is with profound sorrow and deep regret that we received the news of the passing of Senator Lindsey Graham, a distinguished American statesman and a well-known supporter .of the Iranian people's aspiration for freedom

Throughout his years of public service, Senator Graham consistently warned about the threats posed by the Islamic Republic to the people of Iran, the region, and global security. He repeatedly called on the international community not to remain silent or indifferent in the face of the regime's destructive policies. He was among those prominent figures who repeatedly voiced their support for the Iranian people and their right to achieve freedom, .democracy, and a government founded on the will of the people

His participation in the major gathering of Iranians in Munich, where he raised the Lion and Sun tricolor flag, became for many Iranian freedom-seekers a symbol of solidarity with the Iranian nation's struggle. This meaningful gesture will never be forgotten in the historical .memory of Iran's advocates of freedom

The Yarsan Patriotic Movement of Iran extends its heartfelt condolences to Senator Graham's family, the people of the United States of America, and all freedom-loving .people around the world, especially the people of Iran

There is no doubt that the loss of a statesman who spoke openly in defense of the Iranian people's freedom and worked to raise global awareness of the dangers posed by the Islamic Republic is a significant loss. Nevertheless, we firmly believe that the cause of freedom does not end with the passing of any individual. Under the leadership of Crown Prince Reza Pahlavi and through national unity, the Iranian people will continue their path .toward overcoming the Islamic Republic and building a free, prosperous, and proud Iran

The Yarsan Patriotic Movement of Iran hopes that, in the future free Iran, the memory and legacy of all those who sincerely stood beside the Iranian people will be honored and .preserved with gratitude in the history of our nation
